Laura,

Well we're finally graduating, yeah. I'm happy but sad. I don't want to see everyone go off into their own ways. I'm so glad that we're friends. You are such a great friend. Our friendship means so much to me I wouldn't want it destroyed ever. It was fun having us all go out and having a great time. It's been great knowing you since junior high. You're such a cute person that has great personality. Kim is really lucky. I hope your future brings you lots of happiness, you deserve it. I know that you'll go far in life and will make some guy really happy. We will always have to keep in touch OK! Love.

As people, our individuality is nothing more than
 a product of those around us. This relationship is
 what creates the bonds between people and other
 aspects of school.

Laura,
 You know what this has been a very, very long year!
 I had fun at all of your get together's (Especially Spring)
 A.P. Lit was great ~~for~~ thanks for all your help!! I needed
 it!! All in all I must say that we became really
 good friends this year!! And I'll cherish our friendship

It is strange how a school of so many diversities can function so harmoniously. But the diversities of Kentwood are like the many pieces of a puzzle. A piece alone is meaningless, a piece missing, incomplete. Everything at Kentwood has its place in forming a total picture.

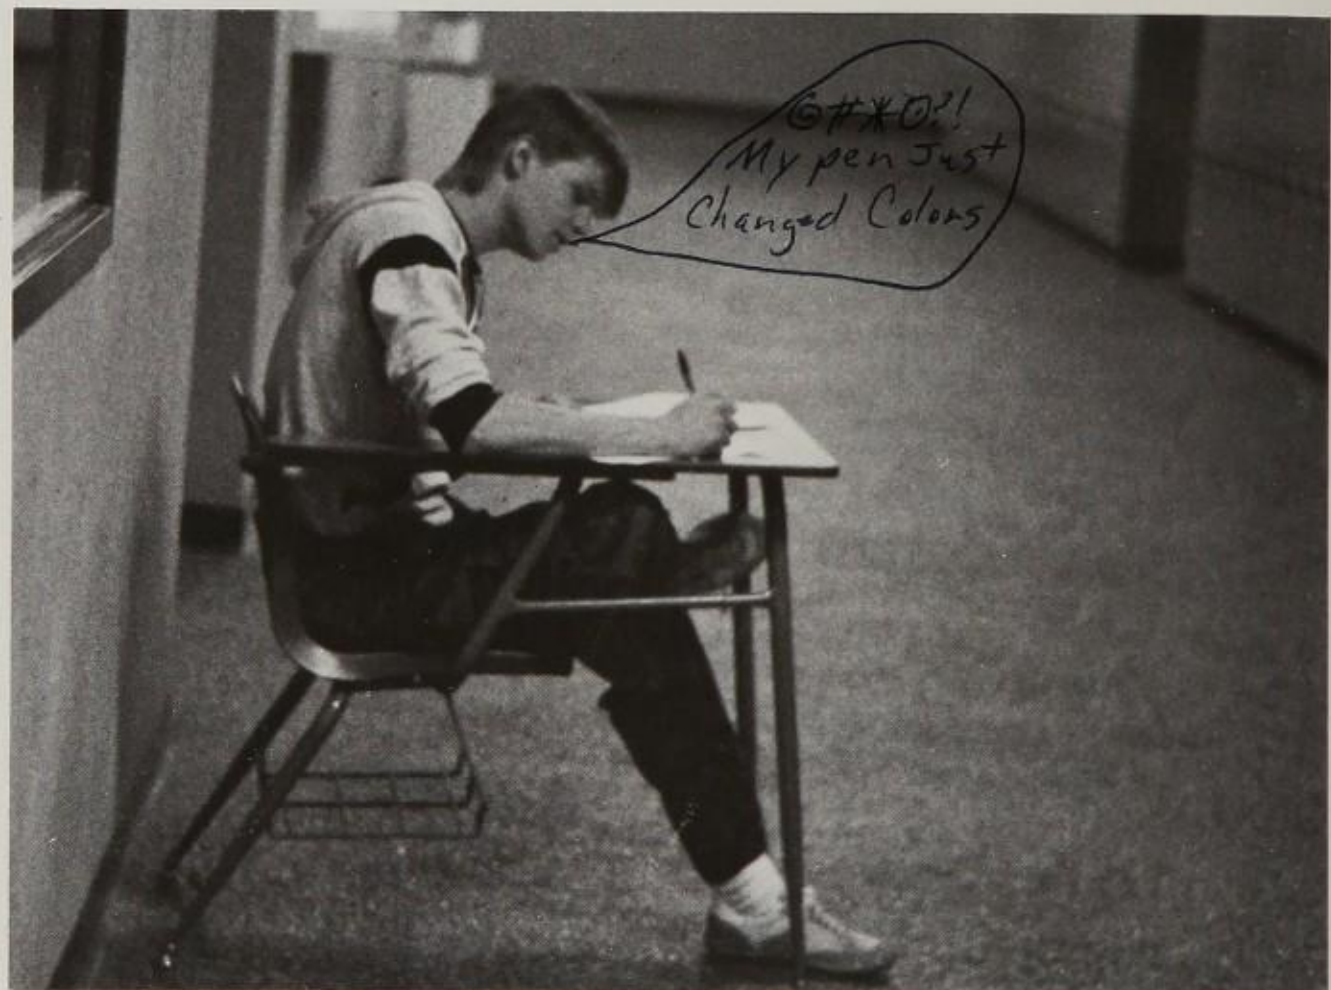

DAVE
SEELEY

In this case the completed picture is the 1985 school year. From the latest fashions to smelly gym clothes, lonely libraries to crowded pep assemblies, athletes under a coaches guiding hand and teachers giving knowledge which students try and understand. This was Kentwood and Kentwood was us.

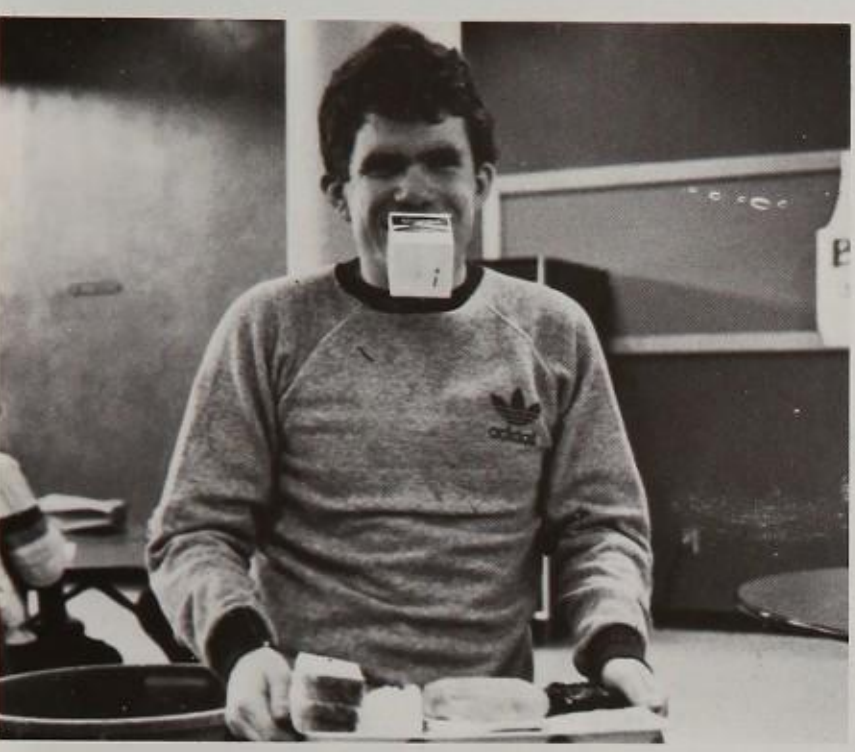

Laura,
 so now is my good lady friend. Laura your so great how come your always
 the lucky person. We have been friends for about 6 years and I'm very
 proud of that. You are gifted in many ways, You always know how to
 put a smile on my face and I never see you without one. I wish
 you luck in the future in whatever you do. I'll miss ya when
 I go to Arizona, but life must go on. Stay in touch.
 Love Always

P.S. Just
think in 20 years
you'll be 38 with
kids in school and you
can pay \$25 a shot for an

But with the ending of a school year and the graduation of another class, the pieces of this Kentwood puzzle will be scattered and the clarity of its picture will become hazy.

Here, preserved within the pages of the Tapestry, is an untarnished glimpse of the past. A reflection of a year at Kentwood, as it was, as we were, in 1985.

DR. GEORGE WILSON

In the brief four year span of its existence Kentwood has established itself as a pre-eminent educational institution. This achievement is the result of a combination of factors and influences: a supportive and caring community, a superior teaching faculty and an outstanding student body.

My congratulations and commendation to you all and especially to the members of the class of 1985.

CATHERINE WEIKS

As we all look back on the 1984-85 school year, I am certain many different thoughts come to mind . . . special disappointments. However as the years pass, those thoughts will turn into memories. My memories of this school year will be filled with images of students full of life and a wonderful sense of excitement and commitment to the future. Each of you has contributed to the feeling of pride at Kentwood

SENIORS

WE'VE GOT IT ALL TOGETHER

SENIOR OFFICERS

It seems like only yesterday we entered Kentwood as timid, wide-eyed sophomores. We had no indication of how our lives at Kentwood would develop. But we came as a family and as we grew, Kentwood became a part of us and we of it. The Class of 1985 knew no boundries. We followed dreams and reached for stars. Most importantly we became closer to one another in our successes. We studied and played together, won and lost together, laughed and cried together. Now we must leave together.

Keep the memories of Kentwood alive and they will last a lifetime. Kentwood was just a piece of our lives together. Now we will move on to grow and use all that we have shared here. When the diplomas are recieved and the graduation lights dim, we will bring to a close a section of our lives that we will hold in our hearts . . . forever.

Hold on to the Moment

Single file yet together,
We have shared our greatest days.
And we carry common memories,
In different ways.
Though we don't know
where we're going,
We will cherish where we've been.

I want to cry,
I want to shout . . .
I want to let this feeling out.

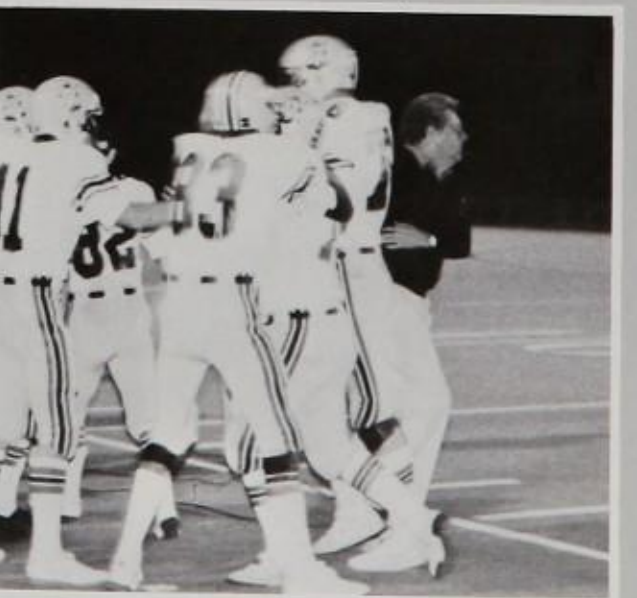

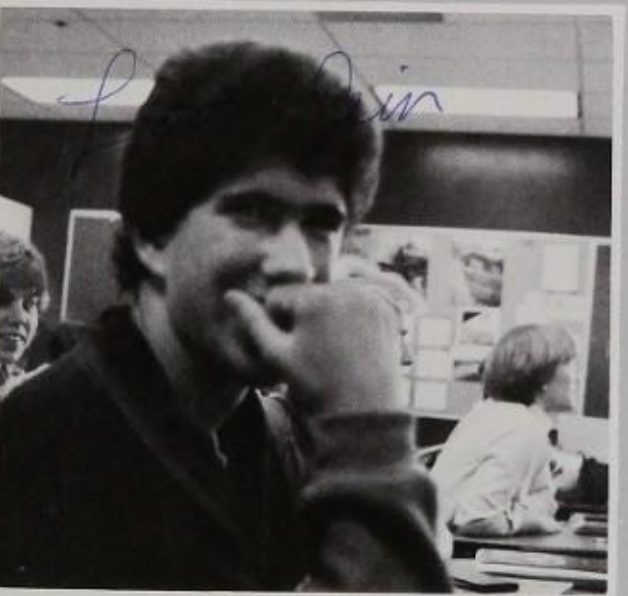

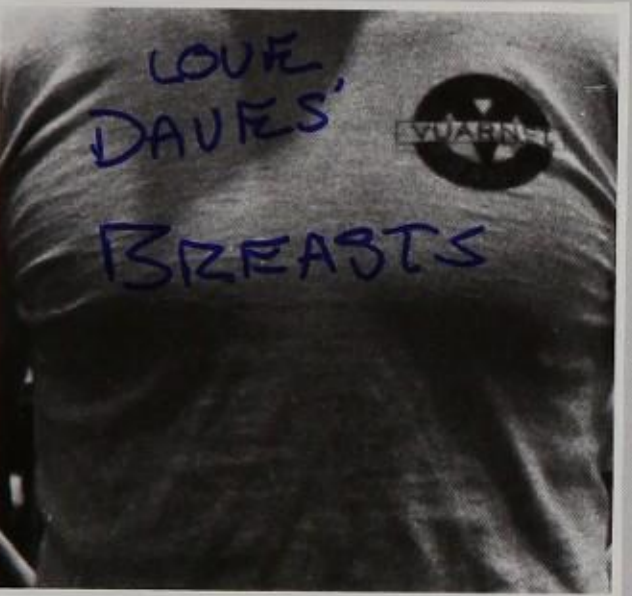

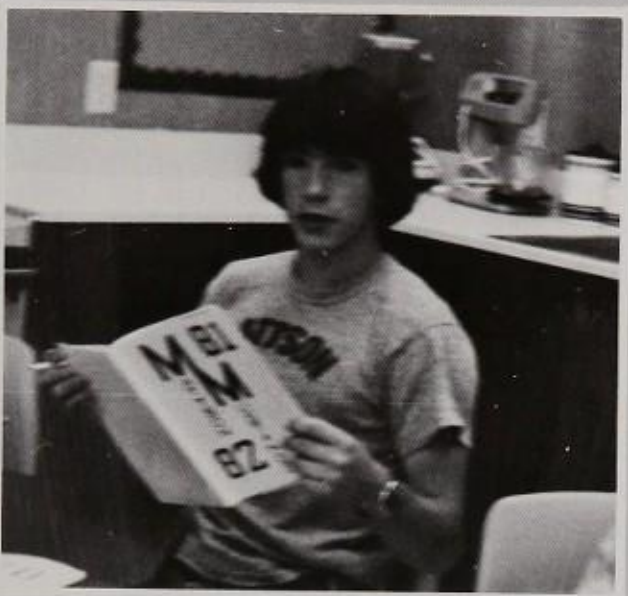

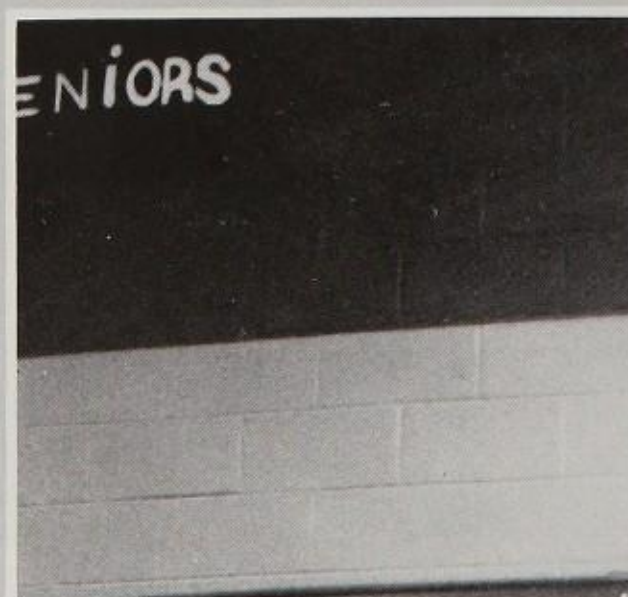

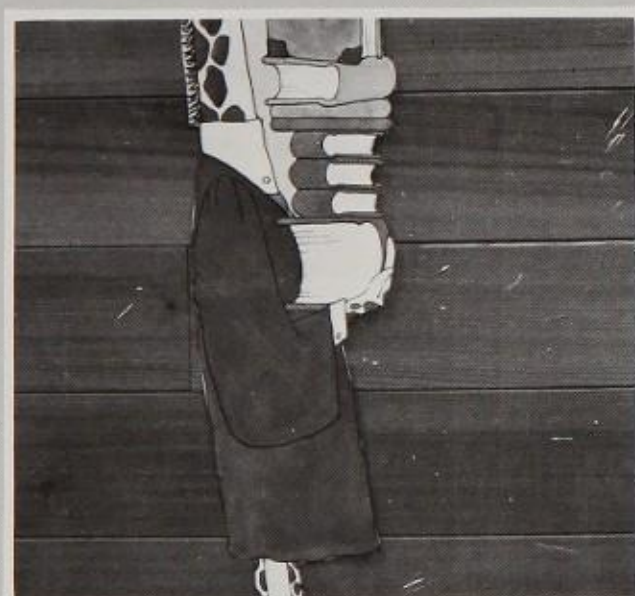

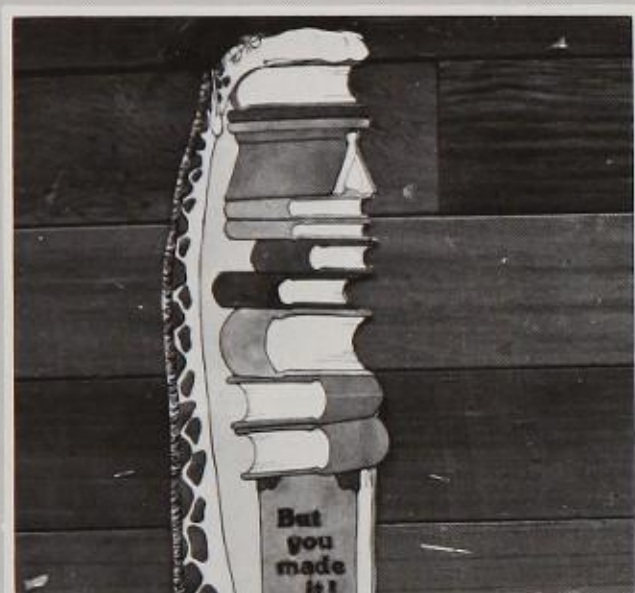

Hold on to the moment.
Let the feelings show.
Hold on to the moment.
Never let it go.

I can picture us together
With my arms around my friends.
Just let me hold onto this moment,
Before it ends.
There was laughter, there were tears,
Through the thirteen golden years.

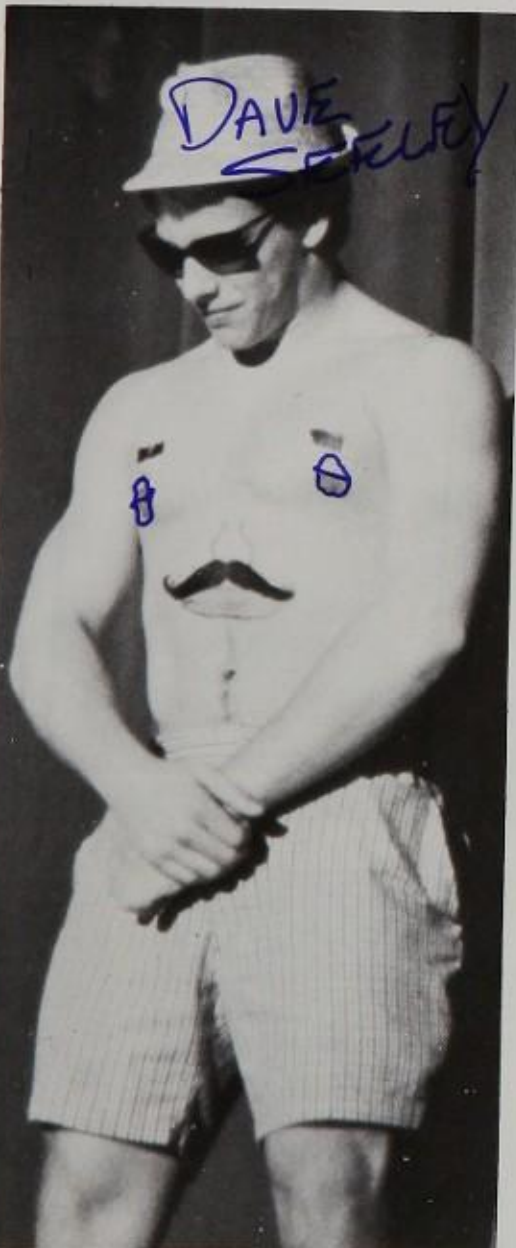

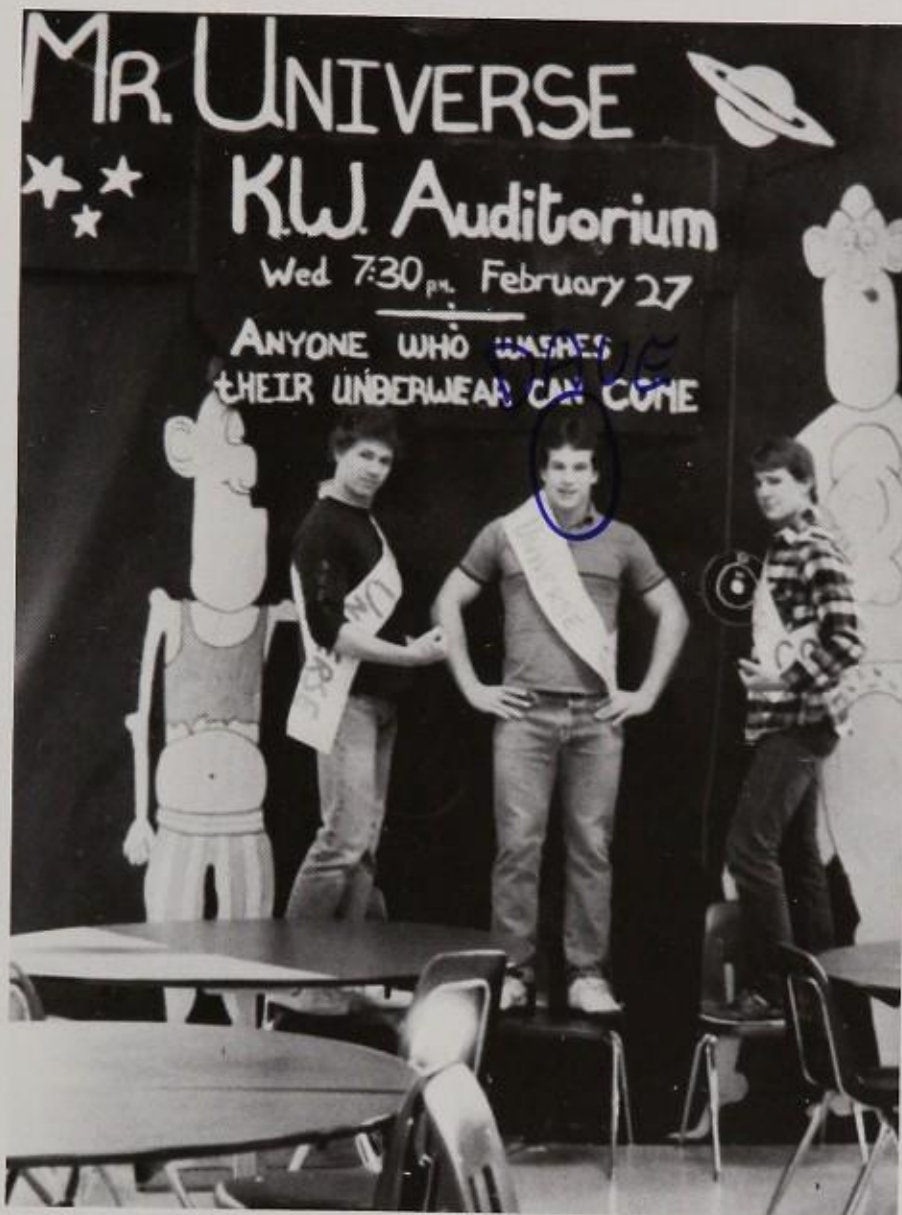

KENTWOOD

WHAT A BUCK

Winners

Mr. Universe — Bill Sweet
Mr. Buff — John Swart
Mr. Ham — Jim Russo and Mike Cadigan

It was the first of its kind at Kentwood. An evening of teeth gritting, bicep throbbing, and hormone hopping body flexes. The idea was developed out of a need to raise money for the senior fund. Only time will tell if Mr. Universe is to become a tradition, but thanks to the two people who took sole responsibility for coordinating the whole event, Stephanie McMonigle and David Crowe, the first Mr. Universe contest at Kentwood High School was a spectacular success.

FOOTBALL

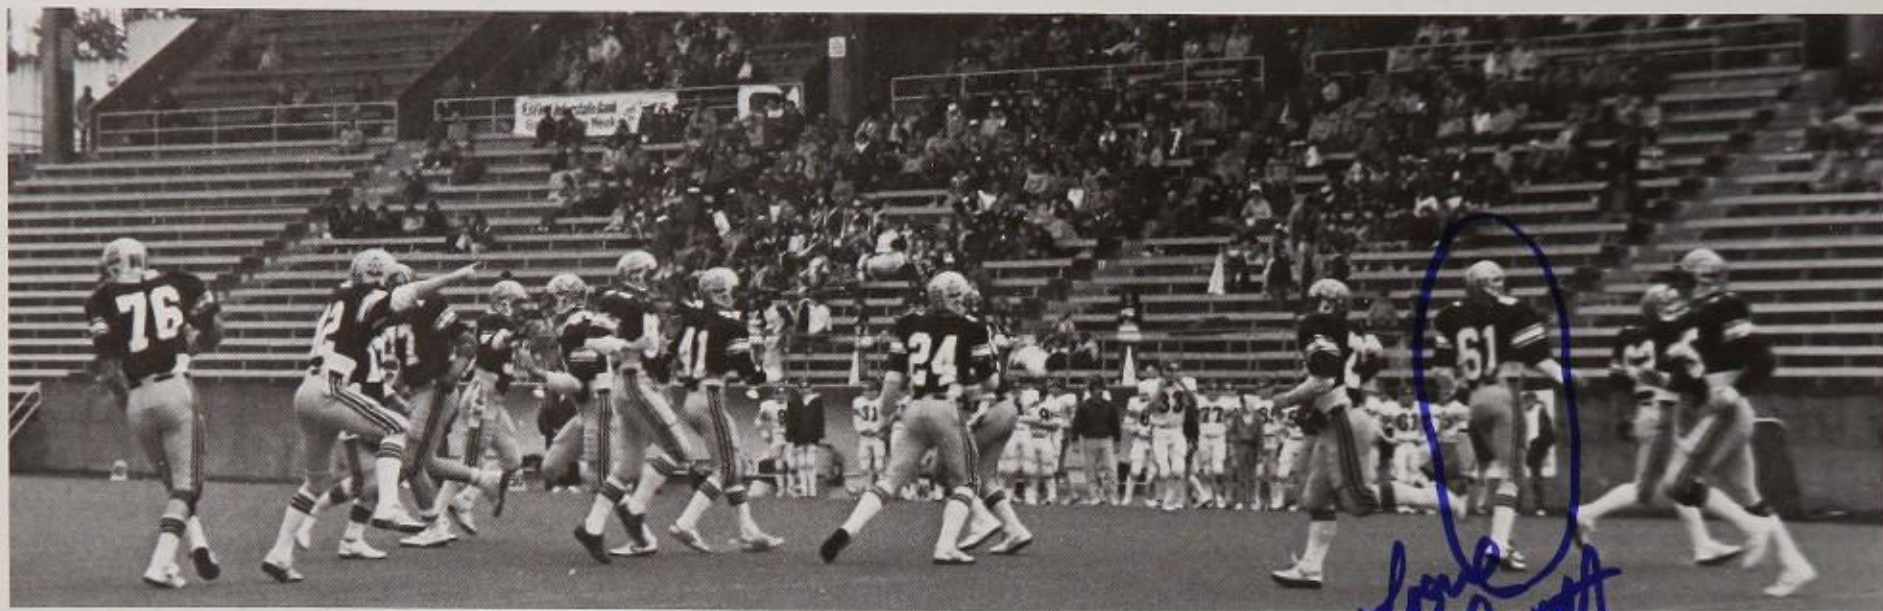

SUCCESSFUL
ONCE
AGAIN

Kentwood's football has made quite a name for itself finishing ahead in the NPSL three consecutive years and making it all the way to the semifinals twice when our school has only been in existence for four years. The success behind the Kentwood team comes from the grueling summer practices as well as regular everyday practices. Both the coaches and the players worked hard to become a unit and a dominant team.

Top Row: Coach Ralph Galloway, Coach Jack McCulloch, Brent Leedle, Dan Fishburn, Steve Smith, Damon Scholl, Matt Simoner, Stan Debiec, Billy Sweet, Dave Knott, Brent Raddiff, John Servatius, Coach Dave Stokke, Coach Gary Mattson, Coach Kurt Criscione, Bill Ryberg, Mark Kelly, Lance Payne, Scott McClellan, Arne Valdez, Eric Forner, Terry Nicaise, Jeff Weiman, Mark Anderman, Scott Morton, Dave Seeley, Kelly Campbell, Coach Dave Lutes, Coach Bill Kneadler, Ryan Kneadler, Ty Ribera, Don King, Dave Crowe, Randy Mollenberg, Dave Richardson, Bill Lombardi, Mark Achley, Jim Taft, Mike Locken, Chris Goad, Coach Terry Parker, Ben Kneadler, Jon Simpson, Brett Madding, Joel Donelly, Ed McDonald, Dennis Balez, Scott Sawyer, Tom Bevan, Nate Reed, Scott Calhoun, Mark Rassmussen.

THE FOOTBALL PLAYOFFS

KENTWOOD FOOTBALL FAN: A spirited, enthusiastic human being dedicated to the sport of football. On a cold, crisp autumn night, literally hundreds of these people gather to watch the most talked about event of the week the football game. They come in groups and alone. Many arrive bundled in parkas, scarves and gloves, clutching their stadium blankets. Others, more unique and bizarre, come dressed to express their individual personalities. There is no age limit, along with students, you can find parents and even grandparents. Standard equipment for these hardy fans include such items as horns, whistles, and banners. But the most effective and commonly used tool is the voice. Fans and cheerleaders urge the team toward victory with their constant encouragement from the stands. They may even start a human wave. Sheer numbers account for their effectiveness. They frequently fill the stands to capacity, blocking the aisles and leaving standing room only.

The object of all this attention is an outstanding football team. A group of talented individuals, who in the short span of three years, have become a dominant factor in high school football. Through their efforts, they gave fans a sense of pride in Kentwood. They win their games with strength, determination and sweat.

As the seconds wind down and the last chant is heard, the stadium slowly empties. The lights dim and this once highly populated place is left deserted . . . until next week.

GIRL SOCCER

MAKING GOALS FOR THE SEASON

Back Row: Coach Genther, Cindy Robson, Stephanie Iverson, Stephanie Barron, Gina McMann, Dawn Landry, Jennifer Olness, Kathy Tressel, Sarah Fitzgerald, Tira Link, Tanette Landon, Erin Woodhouse, Carolyn Woodhouse, Gwen Erber
Front Row: Karrina Thompson, Shannon Spencer, Brandy Gilbert, Mia Nosler, Karry Kludiskofsky, Michelle Robbecke, Blythe Pasco

The crispness of the night air forced them to dress warmer than usual. They moved stiffly into the field and positioned themselves for the opening kickoff. After two quick passes, the ball was halfway to the goal and twenty-two brightly uniformed players had joined the action. The direction of play changed several times as teammates struggled to outmaneuver their opponents. A blast from the midfield set the ball in perfect scoring position, as forwards and defenders clashed in front of the goal. As the intensity of the game built, large flakes of snow began to fall, forming a curtain of white. Aggressive, steaming bodies continued to slosh across the field almost unaware of the inclement weather. A look of determination was etched on their faces as they made repeated assaults on the goalkeeper. They remained strong and dedicated to the end, for this was the final game of the year for the Kentwood Girls' Soccer team.

VOLLEYBALL

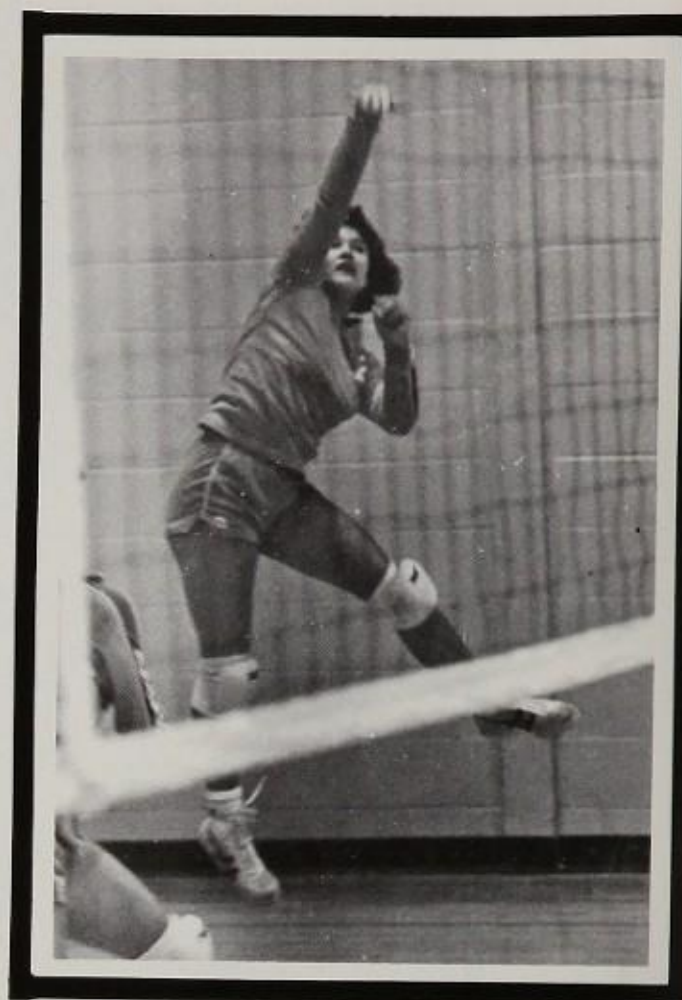

SETTING NEW STANDARDS

Breath-stopping plays. Precise timing for strong, accurate hits. Diving four feet to dig up a ball. No this isn't football, boxing, or swimming, but that "sissy" sport called volleyball. Volleyball is becoming an increasingly popular sport for men and women. It takes great skill and endurance.

PRIDE, PERSISTENCE, and PRACTICE was Kentwood's motto for the season. It worked! The 1984 Kentwood Girls Volleyball Team was the first team from Kentwood to go to the state tournament.

The season has been fun and exciting. The closeness and unity of team members was the basis of our success. We won as a team and lost as a team. It was a season that will start traditions of excellence.

The seniors, team captain Connie Helton, Angie Pahl, Stephanie McMonigle, Shelly Lane, and Juli Tacy would like to wish the 1985 volleyball team the best of seasons. Don't forget that success equals pride, persistence and practice. Keep up the tradition!

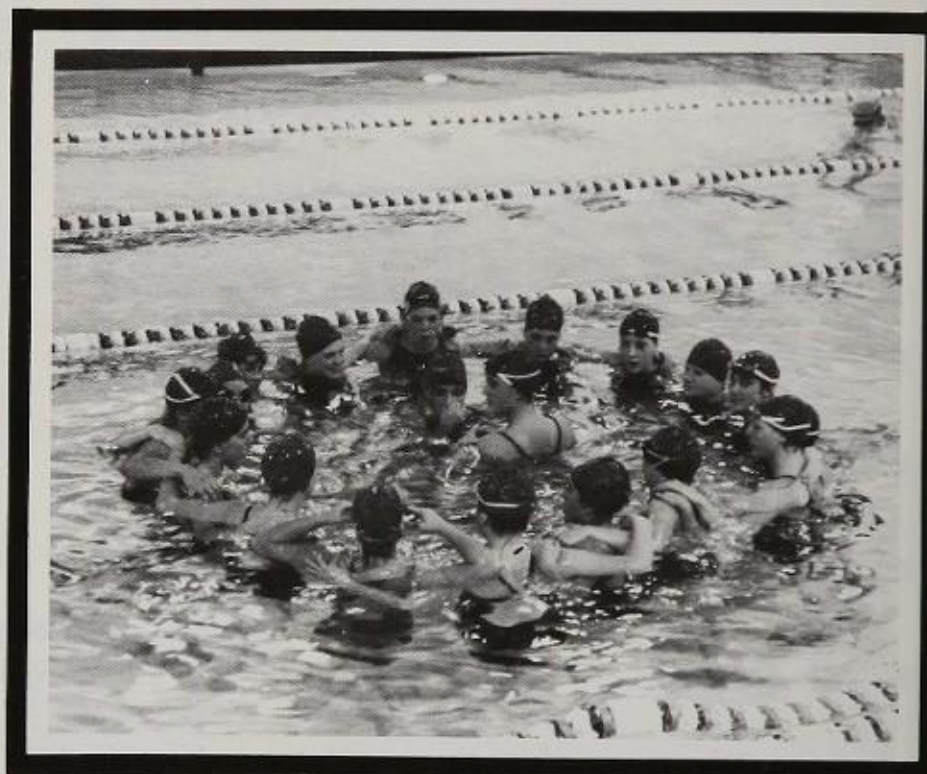

Front Row: Tracy Miller, Kim Hansen, Carrie Hargen, Jennifer Lamb, Cathy Helton, Juli Tacy, Renee Parks **2nd Row:** Blossom Savvy, Shelley Lane, Suzy Steiner, Connie Helton, Stephanie McMonigle, Carrie Buckman, Stacy Cadigan, Larisa Sekyra **3rd Row:** Susan Tyson, Angie Pahl, Julie Thorland, Jodie Ladle, Karen Baruck, Kym Monaghan, Ellen Breeden **Back Row:** Joanne Daughtry, Raynani Reinhardt, Michelle Cantrell, Suji Akai, Lisa Cornell, Andrea Pausheck, Alison Adair, Erin Ladle, Debbie Buse

The volleyball team went into the state tournament this year seeded as the number three team from the West Central District. They came out of the tournament performing outstandingly and they received second place honors. The tournament was especially exciting for Kentwood because teams that enter the state tournament for the first time usually lose out quickly but Kentwood survived until the final match, beating the odds.

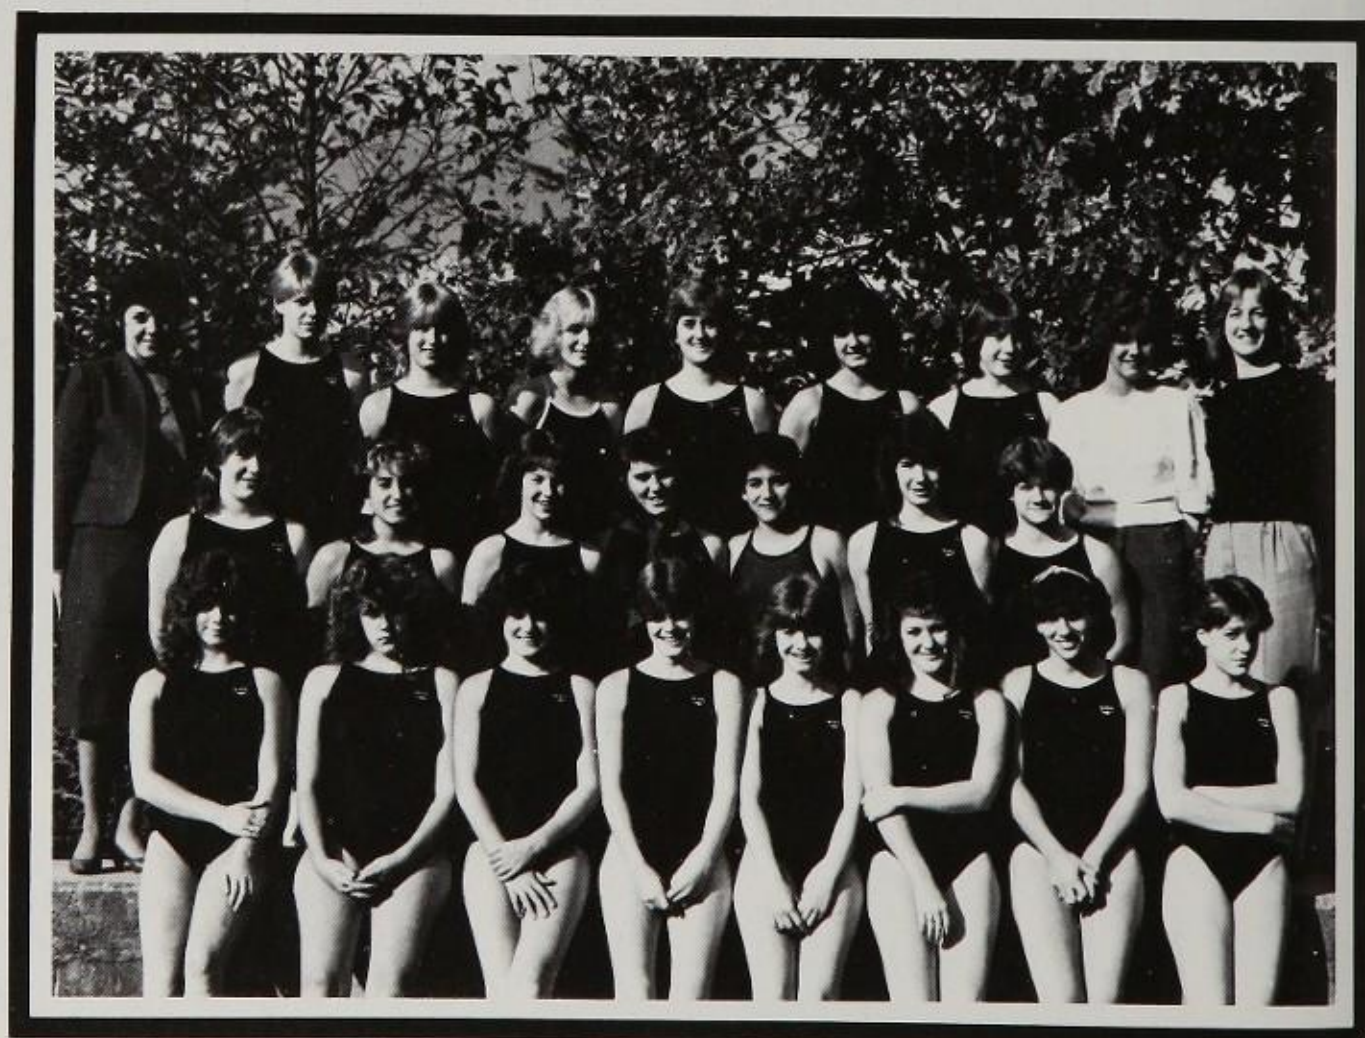

GIRLS' SWIMMING . . .

MAKING A SPLASH!

Ms. Ellen Zrimsek, the girls' swim coach said, "This year's girls' team is the best combination of talent, at Kentwood yet. They push hard and have proven themselves to be challenging competition in the N.P.S.L!"

Swimming is not a regular team sport. There is much more emphasis on the individual. In individual sports you feel greater pressure to succeed because you have to accept all the glory or defeat. The Kentwood girls' swim team has 21 members, 17 swimmers and 4 divers. The season started on August 27, and ended November 8. During that time the girls' competed in ten meets bettering last years record of 1-9 to a record of 3-7.

Most students list of "my favorite things" does not include staying after school every day and running six to seven miles. A group of dedicated individuals, however, enjoy running for competition and leisure. Running is like an addiction, after you do it for awhile, it becomes a habit. The cross-country team, led by Coach Jim Kennett, ran to a 3-7 record this year. Kennett commented, "The girls should be real contenders at state next year. We are losing a lot of boys to graduation, but if they work hard over the summer they could be contenders also. The spring track season may determine the quality of next year's team."

GOLF

Back Row: Mike Bobbett, Darrell Brush, Greg Hull, Mike Kelly, Tom Johnson

Golf, a strange sport. Despised and loved at the same time by many. Until recently golf had never received the recognition it deserved. Even the greatest players couldn't make enough money to support themselves. But times have changed, and Kentwood is changing with them. We would like to take time and go out of our way to congratulate our powerful team which, we know will continue to "play up to par." Debuting three Kentwood freshmen, four juniors, and one senior, on the varsity squad, Kentwood boasts a five win — three loss record, finishing second in the North Puget Sound League.

GIRLS' BASKETBALL

The girls' basketball team made a big improvement over last year. The six returning players from last year's varsity team contributed their experience to boost the win-loss record from previous years.

Although they may not have had a "Perfect" season, they strived to do their best. With their young players and small size, Kentwood girls' basketball astonished their opponents by being a competitive team. While losing only three seniors, the team is confident that with the returning players they will be able to come out on top next season.

BOYS' BASKETBALL

Q. What do these three basketball teams have in common?

- A) The Los Angeles Lakers
- B) The Georgetown Hoyas
- C) The Kentwood Conquerors

A. A reputation for success . . .

. . . and the 1984-85 Kentwood Varsity Basketball Team did nothing less than to build upon their reputation. The team, which consisted of nine seniors and only one junior, held its own against some stiff competition including Kent-Meridian and Auburn. The Varsity sported superb depth this year, interchanging starters and bringing good strength off of the bench. And so it seems that Kentwood proved once again to be a power in the North Puget Sound League, the future bringing little change.

GYMNASTICS

The thundering echo from the springboard spread through the stillness of the gymnasium as she completed the final twist. Her body rotated downward, landing in a solid position. As she pulled her head up and acknowledged the judge, the applause from the audience assured her that the long hours of practice had paid off. She knew she had done her absolute best and had displayed a performance of which she would always be proud.

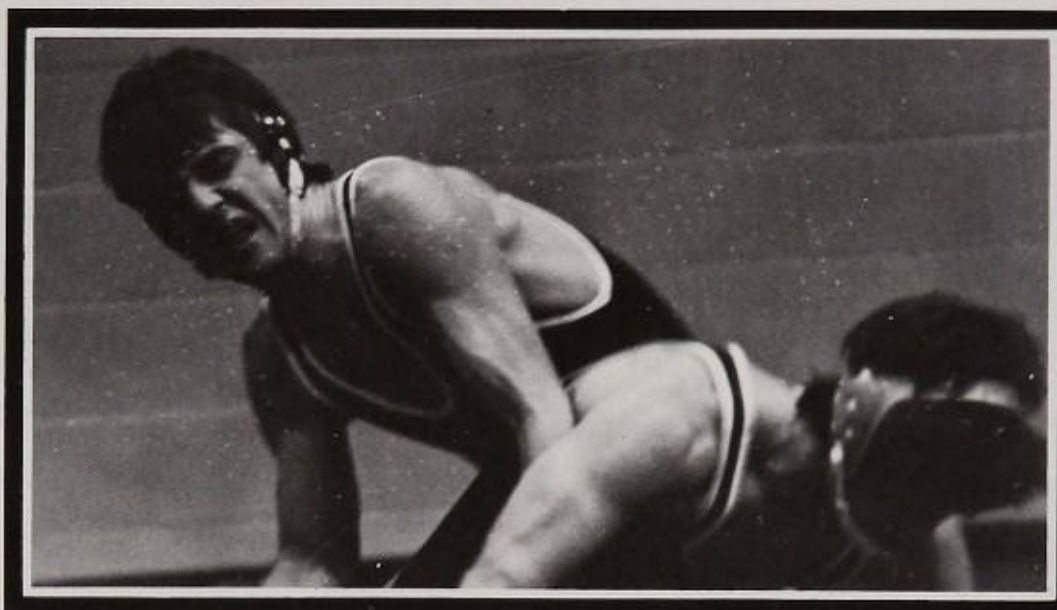

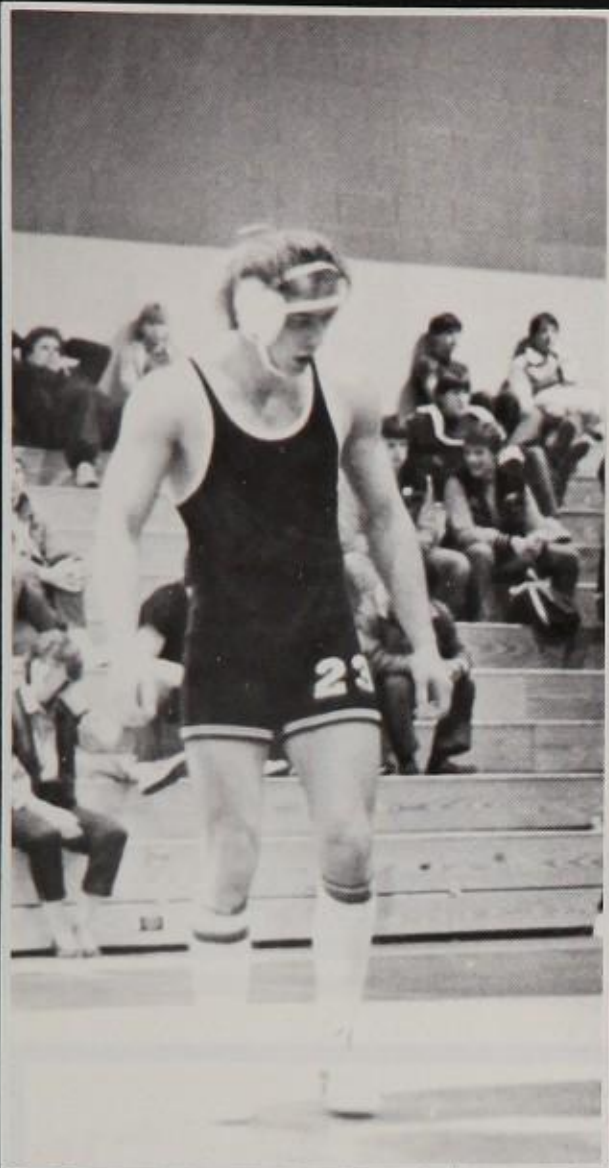

This is the mental attitude which every member of the Kentwood gymnastics team maintains and never ceases to demonstrate during a competitive meet. Each of the Kentwood gymnasts possesses the unique qualities of dedication, flexibility, strength, and endurance, which together make up the strongest gymnastic team in Kentwood history. During both practice and competition, the gymnasts have exhibited a strong, positive attitude which has helped to bring them to the top of the gymnastics league. Their team record of 14 wins and 2 losses was proof of their successful season. During the season they broke many league records and finished by placing second in the NPSL conference meet.

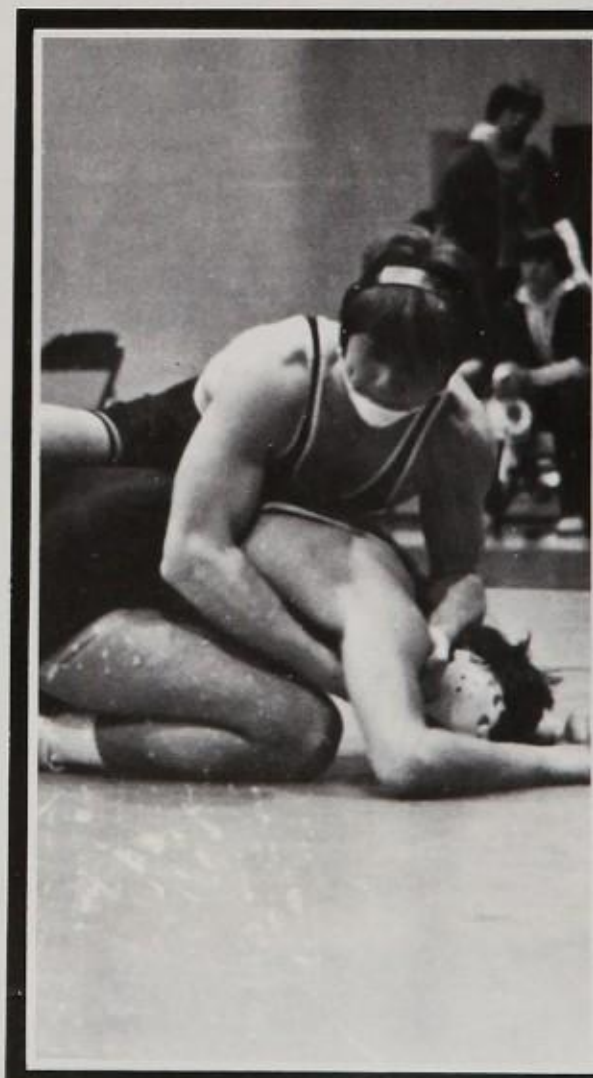

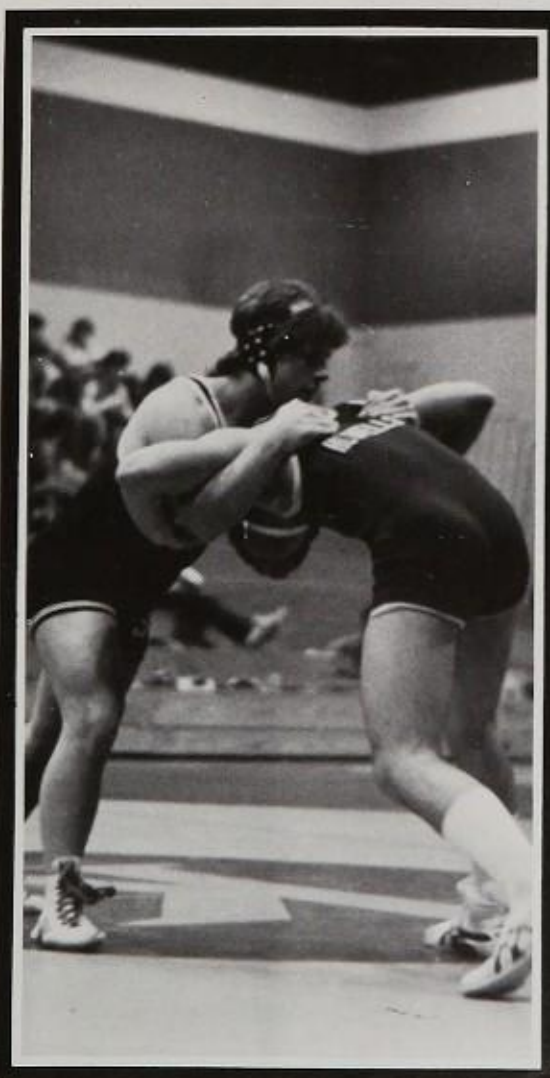

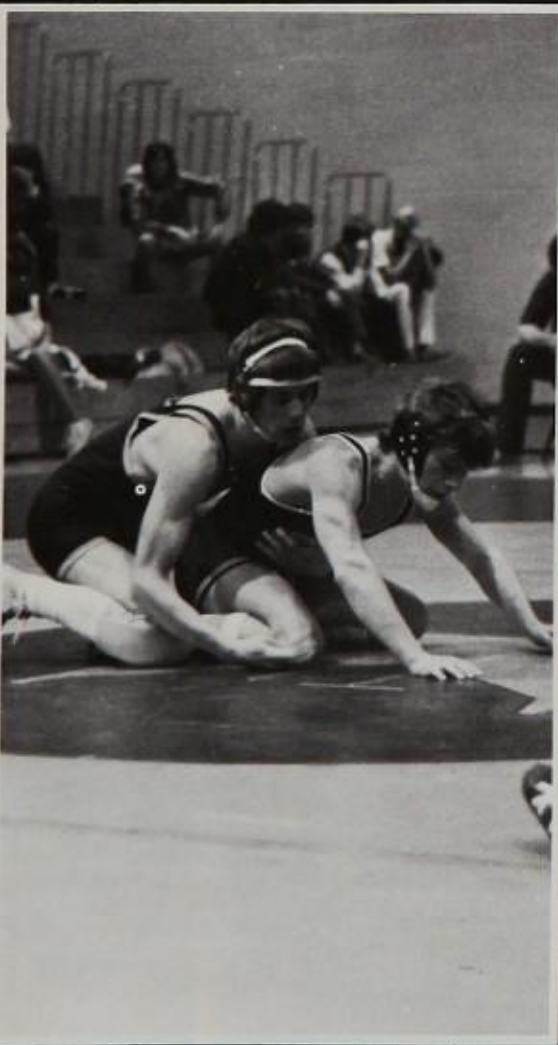

WRESTLING

The life of a wrestler is not easy. Hard training, weight loss, and mental toughness combine to make a determined wrestler. Wrestlers might starve themselves for days to make weight and this could make them weak and less effective on the mat.

This year's attendance was very good. The fans poured into the gym to support the wrestlers exhibiting their top form. Captains for this season were seniors Cam Peterson and Ed MacDonald. Head coach Jack Henderson led the Conquerors to their best season ever at 8-1, and a 3rd place finish in the NPSL tournament.

TRACK AND FIELD

A track meet is an exhilarating experience for both participant and spectator. Picture a warm spring afternoon with excitement in the air. The starter raises his arm, and the gun goes off. Several superbly conditioned, young athletes explode from the starting blocks. Shouts and cheers fill the air as arms pump and feet fly. This is what Kentwood Track is all about. The sport is one of the most popular sports at Kentwood, hosting the largest coed turnout of students. Head coach Jim Kennett, assisted by Al Waltner, Dick Comer, Ron, Park, Ralph Galloway, Sally Jersey, and Greg Gillette took Conqueror Track through another great season of new school records and personal bests.

BOYS' SOCCER

Many people fail to realize the difficulty in playing soccer. It's not as easy as it looks. Soccer is an endurance sport that takes much stamina and years of practice. It takes high achievers to play the sport. Kentwood High School has previously not been known for its high achievement in soccer, but in 1985 the Kentwood soccer team came to its full potential and made a name for itself in the NPSL. Returning coach Jack McCulloch (Mac) and new assistant coach Gary Nichols worked the team hard this year. This hard work paid off as Kentwood had its best soccer season in school history and built a foundation for teams in the future.

JUDO

Judo is not just a physical sport, but it is an enrichment of body and soul. A sport program introduced to Kentwood by head coach George Uchida, that is unique because not every school has a Judo team. Because of this, students from other schools may compete on our Judo team.

Each year the team hosts Japanese students for a two week period. During this time the Japanese work with the team to perfect their skills. Japanese schools emphasize judo and the students from their schools excel at the sport. Judo is enjoyed greatly by the men and women who participate. Kentwood is fortunate to have such a program and takes great pride in it.

SOFTBALL

Girls' softball is a group of non-stop action. These girls work hard during the season to achieve the highest of goals, proven by a 3rd place finish in the state tournament a year ago. Coach Terry Parker and new assistant Joanne Daughtry are the key to the great success of the girls' softball program. With the hard work, this already excellent program can only get better in future years. The concept of team defense plays an important part of the girls' softball strategy. With this team defense the conquerors have proven that it is successful in turning away opposing threatening offense.

BASEBALL

Baseball combines the best features of many other sports. It has individuality, team concept, and strategy. Individuality is shown when the pitcher and hitter go head-to-head trying to psych out each other. But baseball is also a team sport that incorporates the unity of both offense and defense and emphasizes strategy. Baseball encompasses the finer points of other major sports, and it is interesting and challenging to play. Kentwood Baseball coached by Doug Wenk and Kurt Criscione is devoted to emphasizing the individual skills and promoting the team concepts needed to develop each player to his maximum potential.

TENNIS

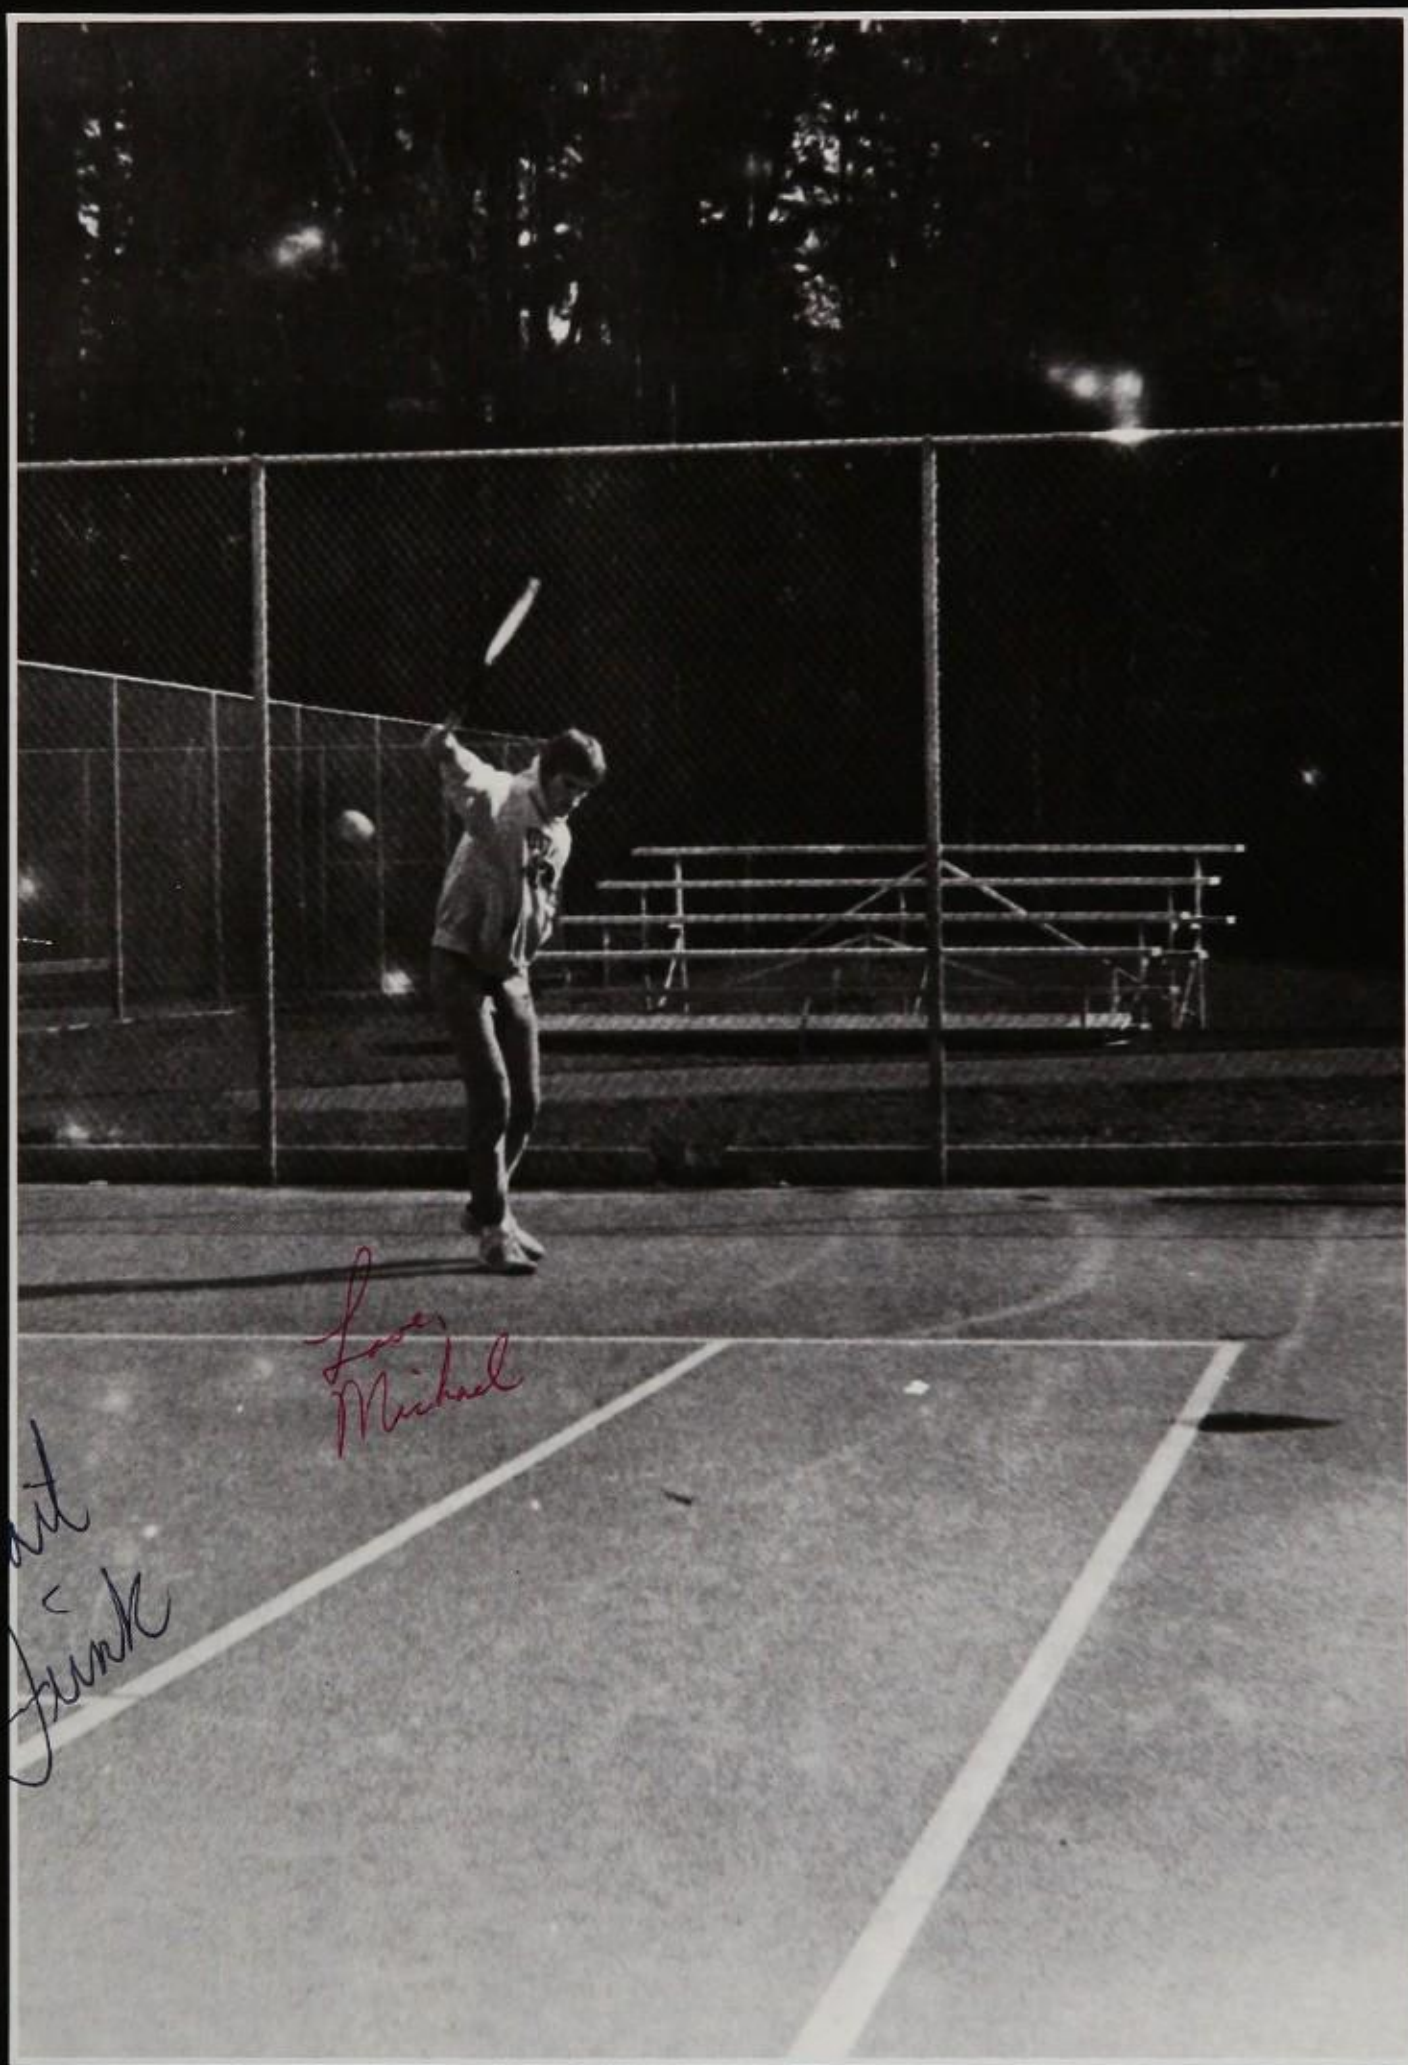

The Kentwood Tennis team has been a dynasty since the schools existence. In three short years Kentwood has turned out several great tennis players. Head coach Glen Baron took the reigns this year from Ron Linebarger, and is helped by assistant coach Joyce Hartnett. Practices are very light and fun, but when it comes down to the matches players become very intense. This years team theme "unconquerable," sums up Kentwood dedication and excellence in the sport of tennis.

Laura,

Although this is normally goodbye, I know its not a good bye to you. I know that I'll see you around and that will keep in touch. Laura, I don't know what I would have done without you this year. You have a way of making lots of fun for everyone. You always make me feel welcome & part of the gang. I enjoyed all of your parties too. The time we went out looking for dresses was really fun. I enjoyed our talk. I wish you continued "luck" in talking to Ben about the Lord. Please continue to keep the Lord real in your life & heart. You are one person I'll never forget. Your openness & friendliness to everyone is a model to me. You are a great friend and I hope that our friendship will grow and not end here. Good luck in school & in all other things. Love you! Take care

Did you know that the average student spends 53 hours doing a locker combination during Junior and Senior High School? That's four and a half days of standing there spinning a little knob.
 But about other activities. When looking back on high school, it is not the tests you remember, nor the spinning of knobs, but the activities. This is what joins the pieces of the puzzle together. It is the only part of school that is totally student controlled. Think about it! The government makes us come to school and we are required to take classes. Sports are critical — once you join you're committed to perform. Your moves and decisions are controlled by the coach and other players. But activities . . . you can join in or not, it's your decision, the amount of involvement is up to you. Activities are the true mirror of the Kentwood student. Say hello to your face, it's right here.

HOMECOMING

TAKE A LOOK AT ME NOW HAPPENINGS

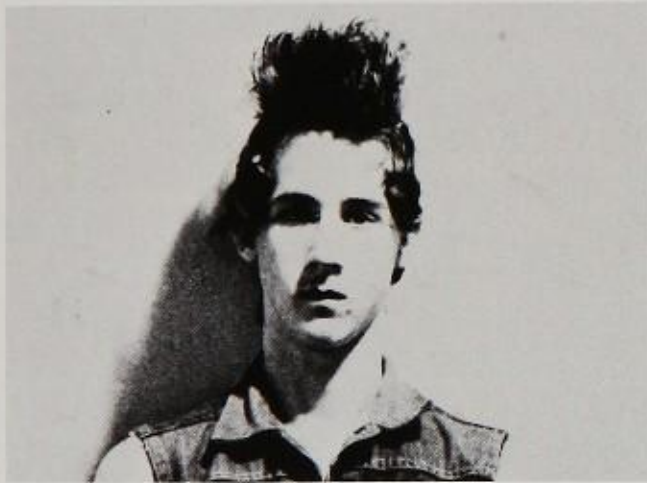

Remember when you were a small child, how you used to dress up and pretend you were an adult. As we grew older something happened, we became too mature, too macho for these foolish childhood fantasies.

Or did we . . . it seems ironic but Homecoming, with all of its glamour and sophistication is really just another fantasy. For one night we dress up for romance and mingle in the world of caviar and diamonds. We experience all the beauty and pagentry of high society and then, as fast as night turns to day, it's all over. The pie of reality smacks you right in the face and we return once again to a jean clad adolescent who's got some homework to do.

But that's all right, fantasies are not meant to last a lifetime, just the memories of them are. So here is one fantasy remembered — Homecoming 1984.

RECOGNIZE THEM?

STUDENT ACTIVITIES COUNCIL

Many people say that the high school years are the best years of your life. I can truly say that my three years at Kentwood have been fantastic and this year has been the most enjoyable by far. The enthusiasm expressed by the student body, faculty, and all associated members has greatly contributed to the tradition of excellence in academics, athletics, and extracurricular activities at Kentwood. I feel Kentwood is unsurpassed by any other high school in the state and we are very privileged to be involved in such an atmosphere. I wish the sophomores and juniors the best of luck in upholding and improving the quality of life at Kentwood, and to the seniors — may you find success and happiness in your future endeavors.

Greg M. Milosovich
S.A.C. President
1984-85

This year has been a unique experience for me. I have had the opportunity to meet and work with new people as well as strengthen already formed friendships. Kentwood is establishing a tradition. Not necessarily traditional in nature, but traditional in the sense of consistently being the best we can be. I hope I have contributed to the school as much as the school has helped to make my senior year the best year so far. I wish everyone's year was enjoyable and further years even more so. Thank you for your support.

Michael S. Cadigan
S . A . C .
Vice-President
1984-85

As I look back now on my years at Kentwood. I fondly remember all of the good teachers, good times and good friends. The struggles seem faded now and all the good outweighs the bad. I will keep all the memories with me and take with me all that I learned. I'd like to think I left behind a contribution to Kentwood and evidence that I touched people's lives. It has been an honor to be a student at Kentwood, especially as S.A.C. Secretary-Treasurer. My message as I go my way is that Jesus is the joy of living.

JOURNALISM

Rebecca Saucedo, Erica Dahlquist, Dana Johnson, Kim Hill, Pete Eno, Bob Smith, Tiffany Harris, Melanie Twine

Journalism took on a new direction this year in the production of a magazine titled, "Contrakitch." Coordinating the efforts of the extracurricular activity is Mr. Ron Park. The magazine provided the chance for interested students to learn some aspects of journalism by actually publishing a copy. At the same time its content gave the opportunity to the Kentwood community to display their accomplishments; reflecting the positive learning experiences in all areas of study and activity out and around Kentwood.

GIRLS' HONOR

If you have ever volunteered for anything you know what kind of time and patience it takes. Often you are never recognized or repaid for the work that you do for someone else. Volunteer work has its own payoff though; a sense of self satisfaction. It takes a very special person to be a volunteer and a group of these people make up Kentwood's Girls' Honor Club.

Girl's Honor is a non profit organization that takes much pride in serving not only Kentwood, but the whole Kent Community. In Girls' Honor's fourth year at Kentwood, they have established a reputation of willingness, dedication and generosity. Each year they plan entertainment for the Kent Senior Citizens Center. In addition they worked with the Grandview students and welcomed them to Kentwood by setting up a secret pal system with them, which ended with a Halloween party put on by the transfer students themselves.

The year was full of events such as these and volunteers, like Girls' Honor, never regret the time they give. Nothing could match the worthwhile feeling it brings.

ART HONOR SOCIETY

President: Erin Ladle, Secretary/Treasurer: Terry Marcotte, Benjamin Erickson, Colin Hayes, Sandra Brown, Mike Bobbert, Advisors: Mrs. Kinsman, Mrs. Pepper.

Kentwood Art Honor Society is a chapter of the National Art Honor Society and consists of interested students who maintain a 3.0 grade average in art. They organize the annual art show, sponsor the Artist-in-Residence Program in conjunction with the Washington State Arts Commission and raise funds for scholarships. Their primary goal is to insure that the visual arts at Kentwood are seen, enjoyed and participated in by the student body and the community.

DEBATE

Don't you hate it when you get into an argument with someone and they're always right, even when they're wrong. Well, here is an entire page of those dynamic argument dominators, otherwise known as debators.

As Debbie Halbert, debate team member puts it, "It's a class of failure and success. Not only is debate a lot of fun, but what you learn is very applicable to life. For example, by the end of the year my success rate at bumming money off my dad went up sixty percent."

A toast to America's future politicians.

FBLA

Can you imagine Kentwood students in twenty years? What kinds of jobs will they have? Which ones will be the leaders? FBLA was designed to prepare students for the years to come. Future Business Leaders of America gives students an opportunity to experience the world of business. Members are helped in developing vocational talents that teach them to lead and participate in group discussions. They are taught to solve problems as well as make important business decisions. Conferences and meetings with other FBLA chapters around the state are part of the learning experience. But best of all, FBLA is a great way to meet people and gain new friends.

Conqueror Court plays an active part in the enthusiastic atmosphere of Kentwood. This club contributes their time, energy, and creative ideas to cheer our teams to victory. They promote the individual athletes as well as the team with crash banners, flowers, food, fruit baskets, signs, and other forms of inspiration. Also, the success of Homecoming activities is the responsibility of this club. Because of their spirit, it has made the three R's a more enjoyable experience for all.

INTERNATIONAL CLUB

The international club has established a feeling of unity between all the foreign language classes. Unlike any other club, they welcome students who are not enrolled in a foreign language class. The reasoning behind this idea is to create a chance to learn first hand from exchange students and meet new friends, with similar interests. The club took trips to Leavenworth and to many culture's restaurants. A new language, Japanese was added to the school as well as the International Club. Due to the efforts of this club, students at Kentwood are becoming further educated on the countries of the world.

MARDI GRAS

Mardi Gras is traditionally a time for celebration. Held on Shrove Tuesday, the day before Lent begins, it originated from an ancient Roman ritual of indulgence before a period of fast. The words Mardi Gras are French for "fat Tuesday." This name is derived from the custom of parading a fat ox through the streets of Paris on Shrove Tuesday. Mardi Gras was first introduced in America in 1766. It became popular in New Orleans and spread throughout the southern states. The new Orleans celebration is the most famous and attracts tourists from everywhere. Numerous street parades begin the week before the actual holiday. There are elaborate floats and marching bands and participants wear masks and fancy costumes.

Mardi Gras is also a special occasion at Kentwood. As part of the foreign language program, students participate in planning the event. Each language class is responsible for decorations and providing food that is representative of their particular country. Everyone gets into the spirit of Fat Tuesday by dressing up in original costumes. There is music, dancing, a limbo contest, and even a chance to test your skill at breaking a pinata. The evening is highlighted by the selection of a king and queen, and the presentation of awards for best costumes.

Even though the festivities of New Orleans are miles away and more elaborate in size, Mardi Gras at Kentwood shares a common feeling. The music, laughter, and carnival atmosphere is the same no matter where you celebrate Fat Tuesday.

NEW SOUTH WING

OPENING HALLWAYS FOR BRIGHT FUTURES

A part of life too often separated from our fast paced society, the Developmentally Disabled Program brought a new dimension to our school and a new opportunity to some people. Some people who have to give a little more of themselves, and rely a little more on others to make a life for themselves in this world of ours. A lot of us were involved with the program directly, but I think we all had to dodge Dan cruising down the halls in the electric wheelchair at least once. Kentwood was chosen to be the home of the program because of the school's available space and the adaptability of the building's construction. The program's first year of existence was very smooth. The new students came to Kentwood to learn and ended up teaching us all a valuable lesson. The students who previously attended Grandview School joined the student body in September. They range in age from 14-21. The program is housed in a new addition to Kentwood. The wing has rooms for academics and job training, and a section set up like an apartment. The students have classes in Functional Academics, Community Survival Skills, Pre-Vocational Skills, Job Training Skills, and Adaptive Physical Education. The classes are designed to help the students aquire the academic, vocational, and social skills to achieve self sufficiency. An important part of this process is a program involving peer tutors. Peer tutors are other Kentwood students who help the students with their classes as well as serving as role models. Special Education teachers Cheryl Boze and Susan Graham commented on the new program." "The move to Kentwood has been a super one for us. We really enjoy being a part of a high school and appreciate all of the support we have received from students and staff members. We would like to especially thank Mr. Anderson for all of the time and effort he has sent our direction. We also thank the tutors for being such good friends and teachers. It has been a great year."

JUNIORS ... PUTTIN' IT

Our high school years are filled with excitement, sadness, happiness, frustration and anticipation. These feelings are experienced among each of us creating a unity that will bond us together forever. Together, we learn from each other and begin to set our goals. Those goals, dreams now, will soon become a reality. The path for obtaining these dreams is difficult and challenging. However, as we make our way through high school we find that this brief period of our life is only a sampling of the real world, an indication of the challenges that we will encounter in our lifetime. At the end of our junior year we begin to realize how close we are to graduation. Soon we will be independent, free of the restraints and protection of our high school days. We will begin to face the future and look back to the moment we have now.

JUNIORS IN ACTION

SOPHOMORES

Any doubts about Kentwood High School? I don't have any either. Granted, being a sophomore isn't tops on my list of social positions, but at Kentwood it's not bad at all. I think we can all say day one was a little shaky, but the school and all of the people including the staff, have proven to be warm, friendly, and most of all helpful. The pride and spirit at Kentwood is so evident and intense, you can feel it just walking through the hallways. Sophomores have discovered that all of the great reviews and compliments given to Kentwood were very accurate. As we taste high school life, we'll pass on the good word and encouraging statements to those who will fill our humble position in September. Hopefully they will find Kentwood growing and expanding with our presence. The class of eighty-seven has proven in the past that they add a new dimension to the space they occupied.

So as we struggle through the homework and stumble through the year, keep this thought in mind; the next two years will be the best of our lives, things can only get better and better.

THE 1985 TAPESTRY IS DEDICATED TO...

It is probably safe to generalize that we, as high school students, are all guilty of taking our parents for granted. Although, throughout our years at home we are continually depending on them for trivial necessities, our gratitude is, for the most part, left unexpressed. It is in the light of this that Kentwood's Annual staff would like to extend recognition to the efforts of our Booster Club this year. The support and accomplishments of this group of parents directly reflects their devotion to the students and are seen in various areas around Kentwood. The batting cage that was set up last year, used by the baseball & softball teams, is an investment of the Booster Club. In addition, Kentwood is honored to have a large screen T.V. set for instructional use this year along with an outdoor scoreboard and spectator stands for the softball field. For the past two years the Booster Club has awarded a \$500 scholarship to an outstanding Senior male or female and acknowledged two graduating athletes with plaques. The list of things goes on from dances and heaters for sporting events to lunches for the visiting Japanese exchange students. The Booster Club continues to support our activities with their annual donation to our A.S.B. fund. So, if you purchase an 'I LOVE KENTWOOD' pin, a Kentwood baseball hat or perhaps a seat cushion from the smiling group of parents, rest assured that your expenditure was rejuvenated to further benefit Kentwood.

In dedicating this year's Annual to you, 'The Kentwood Booster Club,' we hope we are successful in expressing at least a portion of our gratitude.

Above is the Booster Club President Jim Bakke, Vice-President Sonya Green, and Secretary Treasurer Diane Ribera organizing events at a Booster Club meeting.

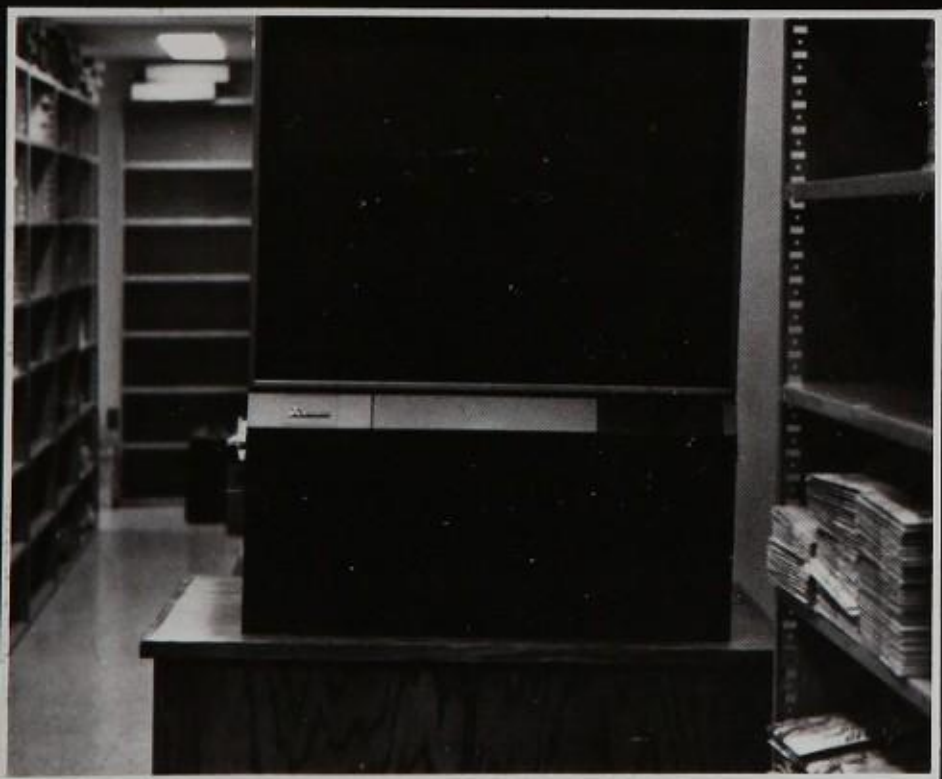

Pictured to the left are the members of the Booster Club deciding on an issue.

The big screen television set to the far left is one of the many purchases by the Booster Club.

Sue — You are a super great friend. K.K.

Mark — Thanks for all the years of happiness. I Love You so much. Tams

One Beer Betty — How ya doin' F.A.F., (Baby that's nasty) Don't forget about our fun Junior year like the U.S. at Nordstroms, and go to Red Robin and open our new weight watchers program Bill the Cat rules. Next time Prince comes. We will have to go "see" them. Your best buds, Quisp & Quake

To Granny, L.B.H., Muffy, Mouse, & Nat Splar — Well ... we have been looking forward to graduating, it seems forever, yet when it is over and we go our separate ways I know we will wish it would have lasted longer. I'll always cherish the fun and special times we have had. I wish the best life for you and pray our friendships will never die. I know my memories won't. Keep smiling! Love Rainbow Brite

Gray — "You are my sunshine, my only sunshine. You make me happy when skies are grey." I'll miss you sunshine! Love always, Anita

Sandra (A.B.P.H.) — You rockin Mcwench. 17 yrs. is a long time. Thank God you let me corrupt you!! No more 360's for me. Stay away from those baby faced older men! They will get you. The Girl Next Door

Bluejay — You, I and G.H. Mumms make a terrific couple, don't you think? I love the way you sing La Bamba — you should be in show business. Don't forget las alcachofas or my poor bumper (maybe you could forget the bumper part). We've been through such a lot together and most of it has been just "massradicalrockermcbirchin." I love you! Smartypants

A. — The "resistible" one is watching you! M.

Z it — To the one guy I've known the longest shirley you jest, We went from diapers to partying at the Neu Elm fest. You always make me laugh with your sick little humor. I'll never forget you Bruce, you rotten little pooper. I love you to death Brucita. Love Liz

Jim — You are a hard habit to Break. Love Bonnie P.S. Maybe again someday.

Sreen — You're such a super stud bolt. We can't stand being without you. Your pals, The stud boltrttes

To my favorite baseball man and all my friends — You made this year the best ever for me. I love you lots! Kim

Pilar (TLW) — Remember that one with camion rapido and the rabbits. Hope you wait for me this summer. I don't want to be disappointed again. You're still very sexy. Love you know who

SHAWN-N-DEANA
ALWAYS AND FOREVER!
X

Amos — You raving disco queen! Don't forget that I know that behind all your thrift store glitter you're really a middle-aged housewife wearing odie slippers who is in need of a bartender. I want you to know that no matter what, where I am or who I'm with, you are my best friend. We'll have to get together this summer and be swinging Czechoslovakian women, 'K? Ginger

Hobb, Granny & Sparkling Lady — Without you three I would have never made it this far. We have had so many good times and I know there will be many more. Thanx for always being there when I needed you. A friendship like ours will never die. You are the greatest! T.L.B.H.

Pam & Stacy — well it's been great having you two clams as friends and Stacy I'll never forget all the great times cruzin the loop. Love Angie

Kristen ... Three cheers for pizza and McDonald's hot fudge sundaes and those depressing times which allowed us to gorge our faces with the above. We made it through!! I love you! Sarah

To my dearest B.C. — It's hard to find the words to express how I feel. We've had two great years together, though we have had our hard times, I don't regret any of it. You were always there when I needed you, and if ever must part, I will always have a special place for you in my heart. I Love You! "Curly"

Dear Dale — Love does not make the world go 'round. Love is what makes the ride worthwhile. Thanks, Sodium Admirer

Pisa, BALLARD BOYS ARE BABES!! Welly

S.F. I WILL ALWAYS LOVE YOU! K.S.

Sharon K. — Thanks for being a very special part of my life. I love you Mark Samuelson

Hey Purple Towel Man, Take It off! Take It all off!!

Anna, Jodi, Juli, Joanne — FLESH! Are we Incredible or what? We can stage one helluva bash given any occasion! Thanks for all the fun and friendship. Love you all, Stephanie

When a boyfriend's there and you don't *understand* or care! A friendship's lost to who's cost.

The Seed — Cooling off California style at Emma's was fun. The good times have been great. Stay away from numbered morels, the Hilton is always better. The interesting times are ones I'll never ever forget. New Year's Eve for instance M.B. you know I love those DaDeDas! Thanks for being the best friend I'll ever have! See you when I'm 40! Watermelon

M.L. U-R-GR-8! Love T.J.

Eddie — Do you remember when you drank the pop and I made you laugh and it came out your nose? What about when I was watching the movie and I spit out my milk. Well I better go because I left the Iron on. Besides that I have to go to my triangle lesson. John P.S. Pearl Harbor Buddy

Adnerd-n-Hocs, Remember our Poulsbo Boys!! Feb. 5, 1984!! Watch out for staters and coke slurpees!! Lovin', touchin', squeezin'!! Lem-n-Nad

Cat — forget the marathon, let's lift a 12-ouncer ... better make it a 40-ouncer. Ped — see you in Dodger stadium someday, don't forget to pet your dog. Bug — here's to the king of the one-niters, better turn on the hot tub. Stan the Man — I'll come visit you in the Cougar country. Dwee (Grant) — what's that noise? It sounds like it's coming from Steph's house. Oh no! It's an alarm. J.C. P.S. First reunion is the Cougar-Husky game.

Toni Spytek — You're the bestest friend anyone can have! Love Ya, Tara

Sped, Chaney, Grant, John, Bug & Beauwinkle — To the greatest bunch of guys I know. You're a lot of fun, unfortunately I'll never forget you even though you are a little nasty! Love Lizzard P.S. Just go along with it. O.K.

Dr. Love (Johnny Cat) — Well I tell you guy, it's been a long year. From the Mississippi Stars to Bobbi with no underwear. I tell you what though, I hope I can have Grant Putnam's beard. This summer we'll be cheering on Alvin buddy, and when the M's win the world series we'll visit the Ham family for a celebration. What else can I say but that you're a horndog! The Man From Glad

The Man of Steel — Thanks for always being there to listen, and for your friendship these past three years. Keep your chin up, and you'll succeed in anything you do. Keep in touch you beer-ch! Love ya, Shorty

Roll & Jeff — Roll with the punches and get to what's real. SJC

Keilliey and Melissa — You guys are great friends. Hope to see you over the summer and not married (Keilliey)! Good Luck at work. I hope your not stuck there forever cause that is a mighty long time I'll Miss you guys! Love Stacie	Jen — I'm glad we met this year, you are a great friend. K. K.	Blue Mazda, Tired of the dust???
